Dear Mr. Shrout,

My husband and I own the property at 777 W. 106th St S, which sits adjacent to The Ranch, located at 10596 S. Peoria Avenue. I was quite surprised to learn that The Ranch has filed for a change in land use, from agriculture to commercial. I'd like to understand what they intend to do. Since I'm only able to go on "what I've heard", meaning the additional structures and a boutique hotel, my greatest concerns are the entrance/exists, sewer services, electrical (lights), business hours, etc. I've looked at the City's Comprehensive Plan and noticed the Ripken Baseball took over the nature trails in the CMP, meaning we have lost another agricultural designation, which equals greater stress on traffic, sewer services, electrical, city services - like police and fire; and that's on top of losing agricultural designation due to the outlet mall, which magnifies all of those problems. And as you know, losing agricultural designation (some with flood plains), we are relocating numerous wild life, and bald eagle nesting to this type of density building.

I am a concerned citizen that would like to see the plans they submitted. Will you please send me what they submitted? The reality is that I am also seeking to understand the proper protocol for me and nearby property owners to file a petition, to at least delay the decision, until all parties understand the implications of the proposed rezoning. Is there a deadline for such a petition before the April 20th meeting? Please advise me on valid petition requirements so that I (and others) may be taken seriously at the upcoming meeting.

You can reach me anytime on my mobile at 918-284-0958. I look forward to a prompt response to my email and thank you for your help in this matter.

Sincerely,
Cat Lenhart
